

VINCI Construction Chairman visits Silverdale School

John Stanion, Chairman of VINCI Construction UK Limited, visited Silverdale School on the 6th April 2009 to review the design, layout and aesthetics of the new PFI School which opened in January, as well as seeing how the local partnership operates within Sheffield. He commented:

“I’m really impressed with the quality of workmanship and the dedication of the LEP team in achieving an outstanding example of how learning can be transformed for the benefit of the students. The results clearly demonstrate how partnering with the local authority can drive change in traditional construction thinking by involving the local stakeholders in the scheme.”
